WELCOME TO GRANUM SCHOOL

Granum School is a small school with big heart, where everyone feels like family. We offer an exceptional educational experience and personal attention for Kindergarten to Grade 9 students.

DISCOVER THE
GRANUM
ADVANTAGE!

Multi-age classrooms offer students an enriching learning and social environment where each child works at his/her ability. Learning, leadership opportunities, and positive classroom culture thrive for students of differing ages, abilities, and interests.

Personal attention and relationships come naturally in a school with 40 students representing about 20 families. Our staff know each child by name and have positive relationships that grow year after year.

Everyone belongs at Granum School. Our students naturally look out for each other and include one another. We have very little conflict or behavior issues, which fosters an environment where everyone belongs and succeeds.

We offer extracurricular activities such as track & field and basketball, and school-wide field trips like skiing, swimming lessons, bowling, and trips to the Calgary Zoo and Calaway Park. We like to have fun as a "family"!
